

The background of the top half of the page is a scenic landscape of Bali, Indonesia. It features a large, multi-tiered traditional Balinese temple (Pura) with a dark, layered roof, situated on a grassy bank next to a calm body of water. The temple's reflection is clearly visible in the water. In the background, there are lush green mountains under a bright sky with scattered white clouds. The sun is low on the horizon, creating a warm, golden glow. The text 'Entrepreneurship Indonesia' is written in a large, white, sans-serif font across the middle of the image, and 'MISSION' is written in a smaller, white, all-caps, sans-serif font below it.

## MISSION

### Mission to fast-growing Indonesian entrepreneurial ecosystem

DIA (Dutch Incubation Association) organises a trade mission to Bali – Indonesia. With four unicorns, Indonesia boosts the number one start-up ecosystem of Southeast Asia. This number one position has been achieved in the last five years not in the least thanks to the personal involvement of president Widodo. Indonesia is with its 13.000 islands and 261 million inhabitants a huge resource and talent pool with an attractive investment climate. This has attracted foreign attention from Japan and USA, it's time to get the Dutch involved too.

#### Fact Finding mission & Conference 'Bali Summit' October 20-25, 2019

The Netherlands is one of the most innovative and entrepreneurial countries in the world, the Dutch have much to offer in terms of enabling innovation and entrepreneurship through a wide and diverse ecosystem of practical and structural instruments. Following a recent visit of Indonesian incubators to The Netherlands, the delegation realised they can learn a lot from the professionals they met during their stay. This initiated the idea to bring Dutch good practice to Indonesia and organise intensive interaction with partners in Indonesia willing to advance international cooperation in the field of entrepreneurship education, incubation, acceleration, internationalisation and start-up and scale-up investment. DIA is calling on a cross section of the Dutch entrepreneurial ecosystem – including 3 places for ambitious entrepreneurs - to form a mission to spearhead 'Made in Holland' good practices in enabling ambitious entrepreneurship.

#### Mission objectives

Participants of this unique mission will have an exclusive profiling during the conference to enhance their opportunities. DIA will especially arrange an ecosystem day for Indonesian counterparts to enjoy the Bali Summit program for free. Through your participation you'll be able to:

1. Getting acquainted with important stakeholders in the Indonesian entrepreneurial ecosystem.
2. Share your knowledge, experience and proven development approach.
3. Develop insights in your chances on the entrepreneurial ecosystem of Indonesia.
4. Meet entrepreneurial talent from developing nations.
5. Develop the internationalisation potential of your organisation for the benefit of the ambitious entrepreneurs you support.
6. Help Indonesian partners to access the European Market for the ambitious entrepreneurs they support.

## Cooperate to make participation valuable

The mission program integrates with the conference program on Bali. To make your investment worthwhile, the mission is tailored in cooperation with the mission participants. Joining the mission means participating in the [Bali Summit](#) which is programmed around the 21<sup>st</sup> century topics 'Smart Education, Entrepreneurship, Incubation & Acceleration'. On top of that visits to universities, incubators, accelerators and other enablers are organised exclusively for the mission members. Additionally you can join the individual matchmaking program to meet the prospects you'll need to advance your organisation. DIA works with local partners and the Dutch Embassy to make your trip worthwhile. It is possible to extend your mission to visit the region of Jakarta/Bandung on Monday 28/10/19. To make customisation possible DIA offers the following arrangements:

#	Description	Price*	Deadline
A	Bali Summit + visiting program	€ 1.900 all-inclusive (flight exempt)	15 September
B	Bali Summit + visiting program + individual program	€ 2.900 all-inclusive (flight exempt)	1 August
C	Bali Summit + visiting program + individual program + Jakarta/Bandung program	€ 2.900 all-inclusive (flight + additional nights exempt)	1 August
